Product Description

SLE60I BESPOKE LUXURY ELECTRIC INSET

The SLE60i features our etronic effect technology and mirrored glass for an ultra realistic, relaxing flame pattern. The new slimline heater has been neatly disguised at the top of the flame screen meaning that there is no need for a canopy. This new canopy-less design provides an uninterrupted view of the flame pattern whilst still delivering 1-2kW of heat.

The SLE60i has a generous 22 inch wide fuel bed with a continuous range of vision across the cosy flame pattern giving you maximum effect. All fires come with an intuitive remote, choice of coal or log fuel bed and the ability to adjust the flame and fuel bed brightness to create the perfect ambience. For efficient and automatic control, it also features a 7 day programmer.

Available with our new premium fascias in a variety of styles and finishes to complement any home.

CONTROLS & FEATURES

HIGH DEFINITION

Featuring our etronic effect technology and mirrored glass for an ultra realistic, relaxing flame pattern. Available with a coal or log effect fuel bed. Experience an uninterrupted view of the flame pattern thanks to the slimline heater.

OPTIMAL CONTROL

Supplied with an intuitive remote control enabling you to turn the fire on and off from the comfort of your armchair. You can also set the desired temperature, adjust the flame and fuel bed brightness in addition to setting a 7 day programmer.

PEACE OF MIND

All Solution Fires come with a standard 1 year parts and labour warranty.

THERMOSTAT

Featuring a slimline, thermostatically controlled and ultra quiet fan heater capable of delivering 1-2kW of heat. Experience efficient and automatic control with the seven day programmer and intuitive open window device function.
