Product Description

Celsi Electriflame VR Sinatra s-1250

CELSI E-VR Sinatra s1000 in White and Thunder Grey is a “place down plug-in” electric Smart suite with hassle-free installation. Next-generation Flame Projection technology creates the flame illusion to the front, the centre, and the rear of the fuel bed. This simulates a natural log fire effect that raises the appearance and functionality of electric fires to a new level.

COLOUR Celsi Smart Fires have 16 pre-set ambient colour modes, and over 100+ multi-colour combinations to customise the light ambience on flames, logs, and ember beds. To simplify your choice you can relax with a slow cycle through the colour spectrum in our fully immersive Animation mode.
