Product Description

The Fullerton is a freestanding electric cast iron style stove in a matt cream finish giving you a truly authentic look and feel to your fire. Complete with opening doors for added realism, a choice of log or coal effect fuel bed, this stove comes with the unique Optiflame LED effect which creates a highly realistic visual and is the ideal solution for those seeking an eye-catching stove.

This fire can be operated via manual or remote control and can even be used independently of the fully concealed 2kW heater, meaning you can enjoy the classic feel of the fire all year round. The thermostatic controls mean you can set your fire to produce heat when the room drops to a certain temperature, helping to maintain comfort in your home

The Fullerton is a classic full- sized stove and is the ideal focal point for any space and its simple plug and go installation means that it can be placed anywhere in the home and it offers a host of features you will love.

The beauty of a real fire, the simplicity of electric
