Product Description

The SP16 wall fire is nearly a meter wide, to create a big impression. With flames rising above a very realistically glowing log fuel bed, within a black surround. In addition, it features a cosy and efficient electric heater and a handy remote control. A great wall fire to install in or at any wall you'd prefer.

- ☑ A big statement piece in your home
- ☑ Can be wall mounted and the chassis can also be inset
- ☑ Log glowing effect for lit or pulsating logs
