Product Description

ONE FIRE – INFINITELY BESPOKE

Designed to allow for a one, two or three sided installation straight out of the box, the Arteon 3 sided inset hole in the wall electric fire is an innovation in versatility. Available in 3 convenient sizes 1000mm, 1250mm & 1500mm, there is the perfect size to suit your home. The panoramic design creates a remarkable visual impact with 5D flame effect, glowing ember effect and new realistic, hand painted log display.

The shimmering fuel bed with multi-LED effect has 13 dimmable colour options and rotation setting whilst down lights illuminate the loose logs to offer the ultimate performance and captivate the room. Design your perfect fuel bed effect with the inclusive pebbles, bark, slate & crystals; the finished look will be bespoke to you.

Create your perfect mood with the optional LED mood lighting kit that simply works off the same remote control where you have on offer all the colours and settings as the fuel bed.

With a discreet heater system, the Arteon 3 sided electric fire gives out a comforting 1.5kW heat; simply use the 7 day programmable thermostat remote to control the heat output, flame settings and fuel bed colour options to produce your desired ambience.

The Arteon 3 sided electric fire is the perfect choice to create a beautiful, bespoke centrepiece to compliment the size and shape of any room.

Visible glass burn area after fitting:

1000-3SL = W995mm x H380mm x D152mm

1250-3SL = W1245mm x H380mm x D177mm
