Faber e-MatriX 800-650 III

Faber

RRP £3600 (Contact us for our discounted price)

Product Description

The new, electric e-MatriX fires are exactly what you would expect from a fire and they're electric. Built in to your style, even where a gas fire or a wood fire is impossible.

A beautiful Faber fire to your personal taste and interior design requirements. With the e-MatriX Burner you can enjoy a playful, three-dimensional flame effect that moves up from a glowing bed of ash between the logs.

An ultra-thin flexible water hose and a regular socket are all you need for the connection.

The fire can be built in with the glass flush against the surround.
