Product Description

Onyx Orbit Electric Fires

Designed for an out-of-this-world fireside experience, Onyx Orbit electric fires defy the norm with a floating presence and ultra-contemporary styling – with, or without the heat.

The Onyx Orbit hanging electric fire delivers a dramatic suspended centrepiece, granting an expansive panoramic view of an exposed flame effect and lifelike oak logs. Thanks to its pendant aesthetic, these ceiling-hung designer fires are particularly suited to open living spaces whether mounted to flat or vaulted ceilings.

Orbit Electric Fires Features

Ceiling-hung fire

Can be used with or without the heat

Rotate up to 340° for altering your preferred viewing aspect

Lifelike oak log-effect

Open-fronted aesthetic

Up to 1.5kW heat output

Chromalight® Immersive LED System

Three flame colour choices: amber; amber with blue accent; blue

13 different fuel bed lighting colours, plus spectrum mode

Integrated moodlighting with 13 colours, plus spectrum mode

Adjustable brightness for fuel bed, moodlighting and flame effects

Bracket option for flat ceiling, or fully adjustable bracket option for vaulted/angled ceilings

0.8m and 1.6m flue pipe length options to suit varying ceiling heights*

Thermostatic eco handset

Ecodesign compliant

*Flue joining connector required for connecting lengths of flue together. Not required for connection of the fire itself or ceiling assembly.

Spectacular Panoramic Flame Visuals

The open fronted Orbit electric fire boasts a panoramic view of the impressive Chromalight® visual effects, including three flame colours and a range of fuel bed lighting options to suit your ambience. The realistic oak log-effect is bathed in complementary downlighting, whilst moodlighting that skirts around the interior of the fire tailors your experience further, enhancing your mood with a choice of 13 colours, plus a spectrum mode that cycles through them all.

Adjustable Viewing

For a mesmerising fireside ambience that can be enjoyed from almost anywhere in the room, once installed, Onyx Orbit ceiling hung electric fires can be rotated up to 340° to alter the viewing aspect to your preferred angle.

For those mounting to vaulted or angled ceilings, the fully adjustable bracket option allows for mounting the Onyx Orbit onto a ceiling up to a 60° angle.
